Rela, Rotary walkathon on varicose veins for traffic police

Chennai, Mar 25: Hundreds of people, including police personnel, took part in a walkathon organised by Rela Hospital and Rotary Club of Madras Mount to create awareness about Varicose Veins among traffic policemen on Saturday. Mr. S. Sakthivel, Deputy

Commissioner of Police, flagged off the event at Besant Nagar Beach. The event titled - Let's Win Over Varicose Veins - Walk for Well Being Walkathon (WOWW) - started at Besant Nagar Beach at 5.30 a.m. and the participants holding placards walked the

distance with cheer.

Varicose veins are a condition caused by poor functioning valves in the veins. This causes blood to gather in the legs rather than flowing back to the heart. Common symptoms include throbbing pain, swelling of legs or ankles, itching

around affected areas and visible bulging or twisted veins on the surface of skin. Maintaining a healthy weight, walking, exercising regularly and wearing stockings, when necessary, can prevent the onset of the disease. Treatment options range from lifestyle changes to surgical procedures depending on severity.

Dr. Ilankumaran, CEO, Rela Hospitals, said "As a CEO and a clinician, I know first-hand the importance of taking care of your health. Walking is a great way to improve circulation and keep our veins healthy. Let's make this walkathon a fun and inspiring event that motivates many to take care of their health and prevent varicose veins. I'm proud to support this walkathon and the cause of raising awareness about varicose veins and also sending a message that we need to prioritize our well-being and the well-being of our community"

CFA Institute opens new test centre in Coimbatore

Coimbatore, Mar 25: CFA Institute, the professional body for excellence and thought leadership in finance, has opened registrations for November 2023 CFA exams. With the rising demand for CFA Program, the organization has added seven new test centers in Coimbatore, Nagpur, Noida, Raipur, Ranchi, Surat and Visakhapatnam to improve accessibility and convenience for candidates. This is in addition to the four new test centers added from February 2023 exams, taking the total number of test center cities to 23 across India and over 400 worldwide.

"CFA Program is the preferred professional qualification for a career

in finance and investment management. CFA Institute aims to continuously improve the journey for candidates from around the country, enabling them to accomplish their life and career goals. The expansion of our test center network is a step in that direction. It will help reduce associated travelling costs to take exams and make the Program more accessible to those aspiring to be investment management professionals," said Arati Porwal, Country Head, India at CFA Institute.

In addition, there is also an increase in demand for scholarships and other tools that can aid aspirants with financial liquidity while paying for the exam fee.
